Only Phase 1B personnel (USMA educators and other frontline workers) **that have been notified by their vaccine coordinator** will receive their “Dose 1” vaccination on February 9-10, 2021, at Eisenhower Hall.

The Phase 1B population – mentioned in the above paragraph – will receive notification of date and time from their unit vaccine coordinators and/or chain of command. If you are in the Phase 1B population and have any questions, please contact your vaccine coordinator and/or chain of command.

The vaccinations at Ike Hall will not accept walk-ins; and the Keller Appointment Center IS NOT scheduling appointments for the COVID-19 vaccine.

To date, the Keller Medical team has vaccinated nearly 1,200 personnel in Phase 1A and 1B, which includes healthcare personnel, emergency responders, and frontline workers. The “Dose 1” vaccination of Phase 1B is ongoing.

When Keller receives the designated vaccine allotments, we will begin to schedule the Phase 1C population. Once the Phase 1C population is vaccinated, we will proceed with the Phase 2 population.

Currently, we do not have a specific date/time of the arrival of the vaccine allotment(s) nor do we have a date/time of vaccination for the Phase 1C or Phase 2 population group. We will make every effort to notify the Phases 1c and 2 population groups when we have the vaccine and are ready to administer the vaccination to these respective groups.
