

Keller Army Community Hospital

Tuesday, April 20, 2021 COVID-19 Vaccine Update

Operation Immune Knight is concluding the Tier 1 vaccinations and is making preparations to provide the COVID-19 vaccine to the Tier 2 population of West Point. The Tier 2 population includes ALL eligible Department of Defense beneficiaries ages 16 and older.

If you missed your opportunity to get the COVID-19 vaccine during the previous Tier or you 'opted-out' of receiving the vaccination, you are now eligible to receive the vaccination during the Tier 2 sessions.

Information on when and where we are administering the vaccine, and how to schedule appointments will be provided at the website below, and on various other West Point platforms, once we receive our vaccine allotment from the Department of Defense – tentative early May.

Operation Immune Knight is the West Point COVID-19 Vaccine Task Force's plan to vaccinate the Greater West Point community. The task force includes members of the U.S. Military Academy, Garrison West Point, Keller Army Community Hospital, West Point Public Health, and several Red Cross and Mount St. Mary's College volunteers.

For up-to-date information on the COVID-19 vaccine availability and distribution, go to <https://keller.tricare.mil/Health-Services/West-Point-Dept-of-Public-Health/COVID-19-Vaccine-INFO>.
